STATS has been a member of RSK Group plc for 18 months and during this time many of our clients have benefited from seamless access to the broad range of one-stop-shop environmental, health, safety and specialist engineering skills and services provided from across the group. Providing a complementary range of integrated environmental services using in-house expertise under a unified brand remains central to the RSK ideal.

So the time has come to join the RSK and STATS names, integrate the current STATS business operations in Asbestos & Water Management and Ground & Environment with their counterparts in Hertfordshire and elsewhere across the group, and relocate all staff from Porterswood House in St Albans to Hemel Hempstead. These combined businesses will commence operation from **27<sup>th</sup> July 2009** as:

- **RSK STATS Environment Health & Safety Ltd** – To include all asbestos, legionella, air quality, environmental management systems, permitting and auditing, and health and safety services.
- **RSK STATS Geoconsult Ltd** – To include all site investigation, geophysical, acoustic and vibration survey services, together with geohazard, geoenvironmental, contaminated land remediation and geotechnical engineering consultancy.
- Our **Materials & Structures** inspection, investigation, testing and consultancy services, also transferring to Hemel Hempstead, will be supported by new purpose-built materials testing and analytical chemistry laboratories, and will be rebranding as **RSK STATS Ltd**, by change of the STATS Limited registered company name.

All existing projects and contracts being undertaken by STATS Limited will be unaffected by these changes.

The relocation of all St Albans staff will be effective from **6<sup>th</sup> July 2009**. The new address and contact details are:

**18 Frogmore Road, Hemel Hempstead, Hertfordshire HP3 9RT**

**Tel: 01442 437500      Fax: 01442 437550      Email format: initialsurname@rsk.co.uk**

There is no change to our Coventry office location and contact details.

Both STATS and RSK have always prided themselves on the level of service provided to their clients. Please be assured that although the names are changing, the focus on you, the customer is not. Your current contact will be in touch in the coming weeks to discuss the additional services available from RSK Group and to answer any questions you have regarding the move and other changes.

Yours sincerely,  
For STATS Limited
